Spill Reported at Oil Gathering Site

BISMARCK, N.D. – The North Dakota Department of Health (NDDoH) has been notified of a spill of crude oil from an underground pipeline leading into a tank facility site approximately 14 miles northeast of New Town. The pipeline is owned by Bridger Pipeline.

Approximately 690 barrels of crude oil leaked from the pipeline and was completely contained on site within perimeter dikes. Approximately 640 barrels have been recovered and further clean-up efforts are underway.

For more information, contact Kris Roberts, North Dakota Department of Health, at 701-328-5236.
